

COMPANY OVERVIEW

AlSuhaimi Group Holding

2025

Introduction to the company

AlSuhaimi Group Holding, with roots tracing back to 1921, is a leading Saudi Arabian conglomerate with a diverse portfolio of businesses. Built on a rich heritage established by pioneering ancestors, the Group has grown from a modest trading venture in Jubail into a dynamic organization with a strong presence across the GCC region. Today, we continue to uphold our legacy of excellence while driving innovation and sustainable growth across multiple industries.

We have built our businesses on **prudent management**, **sound decision making**, and a conscious focus on creating a better future. Guided by the principles of **trust**, **honesty**, and **cooperation** established by our founder, AlSuhaimi Group Holding continues to thrive under the leadership of the second and third generations. We remain steadfast in our mission to contribute positively to the region's growth and prosperity.

Our Portfolio encompasses a wide array of industries, including:

- Water well drilling services
- Piling services
- Water pump supply & installation
- Manufacturing of water booster systems for domestic and industrial uses
- Real Estate Services
- Environmental Services
- Switchgear solutions
- Fabrication of Chemical Process equipment
- Corrosion Protection services
- General Trading
- Hydroponics Farming
- Aquaculture
- Transportation

VISION AND MISSION

We aspire to be
at the forefront
of Saudi Arabia's
industrial
transformation and
services aligning with
Vision 2030

(Specialized contractors
of Water Well Drilling and related services)

ALSUHAIMI
DRILLING
السحيمي لحفر الآبار

Introduction

AlSuhaimi DRILLING is a member of AlSuhaimi Group Holding Company which is owned & operated by the Chairman of AlSuhaimi Group of Companies. Suhaimi Drilling is based in Dammam, Kingdom of Saudi Arabia and is 100% Saudi owned.

The company was formed in 1948, precise and durable equipment, experience, highly qualified and specialized personal as well as trustful cooperation between companies, constructions, management and customers are the basis for the success of **AlSuhaimi DRILLING**.

AlSuhaimi DRILLING's operational area is not only limited to Kingdom of Saudi Arabia but also neighboring GCC States. It is having an expansion program of establishing new operational branches throughout the Kingdom & Region.

With a vast variety of equipment in our Inventory, Solid Experience and Technical know-how, **AlSuhaimi DRILLING** is now ranked as one of the most comprehensive Water wells drilling, maintenance and/ or wells rehabilitation, perform water wells testing using measuring probe, data logger and Ultrasonic flow-meter, carry out geological, hydro-geological & geophysical investigations, fishing out fallen submersible pumps, drilling anode holes and beach wells. Dedicated professionals, highly motivated engineers & supporting staff enables **AlSuhaimi DRILLING** to adopt latest technologies and guarantee absolute customer satisfaction.

EXISTING CLIENTS

Area of concentration

WATER WELL DRILLING

- Deep and shallow well drilling for domestic, agricultural, industrial, and municipal applications.

WELL CLEANING & DEVELOPMENT

- Mechanical and chemical cleaning of old or clogged wells
- Well development for improved yield and performance

PUMP TESTING SERVICES

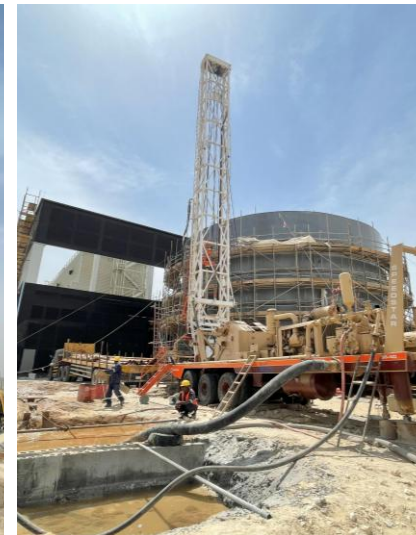

- Flow rate and drawdown testing
- Performance verification of installed pumps and wells

FISHING WORKS

- Retrieval of lost or stuck tools and equipment from boreholes and wells

EXPLORATORY AND TEST WELLS

- Drilling of pilot/test wells for groundwater investigation and analysis

ALSUHAIMI
FOUNDATIONS
السحيمي للأساسات

Introduction

ALSuhaimi FOUNDATIONS CO., is owned by ALSuhaimi Group Holding Company. ALSuhaimi Foundations Co., is based in Dammam, Kingdom of Saudi Arabia and is 100% Saudi owned.

ALSuhaimi FOUNDATIONS CO's operational area is not only limited to Kingdom of Saudi Arabia but also neighboring GCC States. It is having an expansion program of establishing new operational branches throughout the Kingdom & Region.

With a vast variety of equipment in our Inventory, Solid Experience, and Technical know-how, **ALSuhaimi FOUNDATIONS CO.** is ranked as one of the most comprehensive Piling, Drilling, Foundation, Ground Engineering, Water Well Drilling, and Contracting Companies in the Gulf. Dedicated professionals, highly motivated engineers & supporting staff enables **ALSuhaimi FOUNDATIONS CO.,** to adopt latest technologies and guarantee absolute customer satisfaction.

EXISTING CLIENTS

Area of concentration

PILING

- Small & Large diameter Bored Cast in Place Piles.
- Driven Cast in Place Piles
- Driven Steel Bearing Piles.
- Continuous Flight Auger Piles
- Sheet Piling
- Secant Wall

FOUNDATIONS

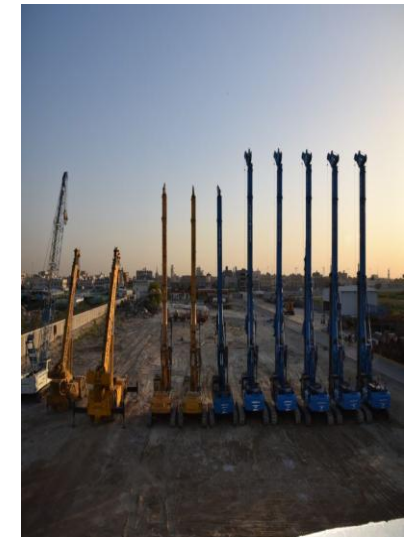

- Pile caps for Power Transmission Lines
- Installation of Canister Foundations

MICRO DRILLING

- DTH Holes
- Rock Anchor
- Blast Holes

WATER WELL DRILLING

- New Well Drilling
 - Pump Testing of Wells
 - Water Well Plugging
- Maintenance and Rehabilitation using Mechanical and Chemical Methods
- Construction of Anode Holes and Beach Wells
- Fishing of Submersible Pumps from Deep Water Wells
- Ground Water Investigations and / or Hydro Geological Study

AlSuhaimi PUMP SYSTEMS

ALSUHAIMI
PUMP SYSTEMS
السحيمي لأنظمة المضخات

Introduction

AlSuhaimi PUMP SYSTEMS is the leading distributor and service provider for pumps in the Kingdom of Saudi Arabia. We are an approved vendor with all major end users in Saudi Arabia, including SAUDI ARAMCO, SABIC, SWCC, SEC, MEWA, MARAFIQ & NWC.

AlSuhaimi PUMP SYSTEMS was formed in the mid-1980s to complement AlSuhaimi Water Well Drilling Division in Dammam, Kingdom of Saudi Arabia.

AlSuhaimi PUMP SYSTEMS is a member of AlSuhaimi Group Holding Company. AlSuhaimi Pump Systems based in Dammam, Kingdom of Saudi Arabia and is 100% Saudi owned.

AlSuhaimi PUMP SYSTEMS serves as a trusted partner and local value-adder for reputed pump manufacturers in Saudi Arabia.

EXISTING CLIENTS

المؤسسة العامة لتحلية المياه المالحة
Saline Water Conversion Corporation (SWCC)

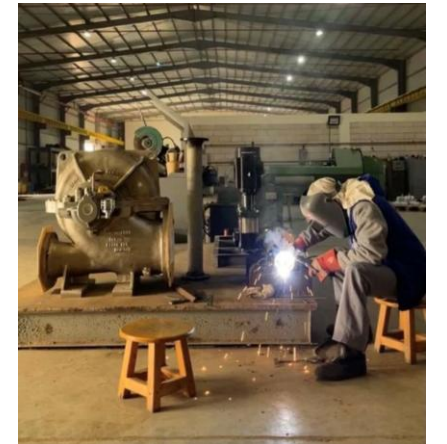

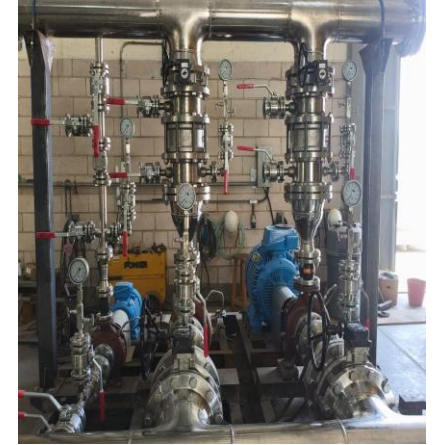

وزارة البيئة والمياه والزراعة
Ministry of Environment Water & Agriculture

Area of concentration

- Supply of Pumps for various applications and market segments
- Fabrication of skids, value addition, and packaging
- Alignment of pumps and on-site skid modification services
- Service maintenance, repair, and overhauling
- Control Panel And Electrical Expertise
- Start Up and Commissioning Services

RIPE AGRICULTURAL

RIPE
AGRICULTURAL
يانعة الزراعية

Introduction

Ripe Agricultural Company is a member of ALSuhaimi Group, dedicated to sustainable food production through advanced indoor hydroponic farming and innovative aquaculture. In agriculture, Ripe grows high-quality, nutritious leafy greens and herbs without soil, sunlight, or pesticides, using controlled environments that mist nutrients directly onto plant roots. In aquaculture, the company practices eco-friendly fish farming to improve livelihoods, protect habitats, and help replenish endangered species. By combining cutting-edge technology, AI, and sustainable practices, Ripe aims to deliver safer, healthier food while supporting Saudi Arabia's Vision 2030 for environmental stewardship and economic diversification

Area of concentration

INDOOR HYDROPONIC FARMING

- Growing leafy greens and herbs without soil or sunlight.
- Using controlled environments that mist nutrients and moisture directly onto roots.
- Ensuring pesticide-free, high-quality, and nutritious produce.

AQUACULTURE (FISH FARMING)

- Sustainable breeding, growing, and harvesting of fish.
- Improving value chain efficiency and supporting local livelihoods.
- Enhancing aquatic habitats and helping restore endangered species populations.

SUSTAINABILITY AND INNOVATION

- Reducing environmental impact while improving food safety and traceability.
- Supporting Saudi Arabia's Vision 2030 by promoting sustainable agricultural and aquacultural practices.

AlSuhaimi INDUSTRIES

ALSUHAIMI
INDUSTRIES
السحيمي للصناعات

Introduction

AlSuhaimi INDUSTRIES, a subsidiary of the AlSuhaimi Group Holding (established in 1921), is a forward-looking industrial enterprise based in the Kingdom of Saudi Arabia. With its operations anchored in Dammam, the company merges legacy and innovation through two primary business units: AlSuhaimi Switchgear Industrial Company and AlSuhaimi Pump Systems. These divisions collectively serve a wide spectrum of infrastructure, commercial, and industrial clients across the Kingdom and the wider region.

With strategic partnerships, ISO certifications, and a strong engineering backbone, **AlSuhaimi Industries** is aligned with Vision 2030 in supporting sustainable and technologically advanced national development.

VISION: To become a trusted leader in Saudi Arabia's industrial sector by delivering innovative, reliable, and high-quality solutions in power and fluid management.

MISSION

- To engineer and deliver world-class low-voltage switchgear and customized pumping systems.
- To uphold international standards in manufacturing and services.
- To support clients with value-driven solutions and responsive after-sales service.
- To contribute actively to Saudi Arabia's infrastructure and industrial growth.

Sectors Served

- Infrastructure and Utility Projects
- Water and Wastewater Authorities
- Oil & Gas Companies
- Real Estate and Commercial Developers
- EPC Contractors
- Airports and Data Centers
- Industrial and Manufacturing Plants
- Fire Safety and HVAC Contractors

Area of concentration

- Main Distribution Boards (Fixed/Withdrawable)
- Sub Main Distribution Boards (SMDB)
- Distribution Boards (DB)
- Motor Control Centers (MCC)
- Capacitor Banks
- Custom LV Switchgear Panels
- Eaton Authorized Panel Assemblies
- Electrical Design, Manufacturing, Testing, Commissioning
- Submersible Borehole Pumps
- End Suction, Vertical Inline, Split Case & Multistage Pumps
- Sewage & Drainage Pumps
- Firefighting and Booster Pump Sets
- HVAC Circulation Systems
- Pressure Vessels, Control Valves, Control Panels

AlSuhaimi SWITCHGEAR

In Collaboration with Verger Delporte U.A.E

ALSUHAIMI SWITCHGEAR
شركة السحيمي سويتشجير للصناعة
IN COLLABORATION WITH VERGER DELPORTE U.A.E

Introduction

AlSuhaimi SWITCHGEAR INDUSTRIAL Company is based in Dammam, Saudi Arabia. It was formed through a partnership between AlSuhaimi Group and the founders of Verger Delporte UAE Ltd and Infratech FZ LLC. Together, they bring over 40 years of experience in low-voltage switchgear manufacturing and engineering.

The company is an authorized Eaton panel builder and is certified with ISO 9001, ISO 14001, and ISO 45001. It offers complete services including design, manufacturing, testing, commissioning, and after-sales support for low-voltage switchgear and panel boards, all in line with international standards and local regulations.

AlSuhaimi SWITCHGEAR focuses on quality, safety, and innovation. It aims to provide reliable, tailored, and cost-effective solutions that meet the needs of Saudi Arabia's infrastructure, industrial, and commercial sectors.

VISION: To be a trusted leader in Saudi Arabia's switchgear sector by delivering high performance, innovation, and customer satisfaction. With a strong local presence and global standards, the company supports large-scale projects with advanced and durable solutions.

Area of Concentration

- Infrastructure and Utility Projects
- Water and Wastewater Authorities
- Oil & Gas Companies
- Real Estate and Commercial Developers
- EPC Contractors
- Airports and Data Centers
- Industrial and Manufacturing Plants
- Fire Safety and HVAC Contractors

Process Plan

Quality Plan:

Follows international standards to ensure quality at every project stage

1. Offer / Contract Review

- Switchgear Manager reviews all offers before confirming orders.
- Ensures compliance with client requirements.

2. Project Programming

- Planned by Switchgear Manager.
- Covers manpower, materials, and scheduling.
- Key tasks:
 - Electrical design & material selection.
 - Material procurement & execution.
 - Final inspection, testing & commissioning.

3. Design & Materials

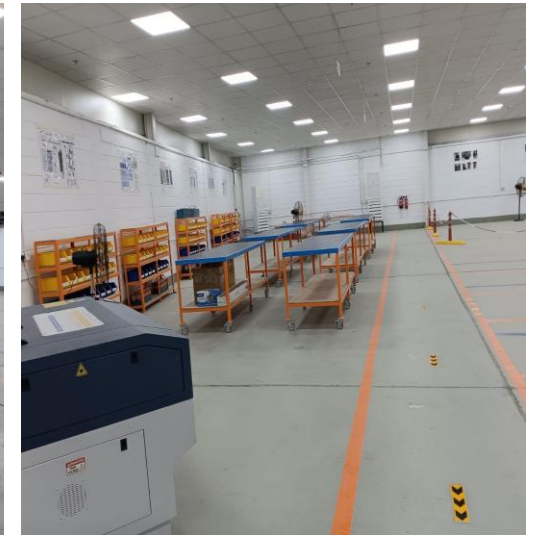

- Handled by Design Engineer, supervised by Switchgear Manager.
- Prepare electrical designs (diagrams, layouts). Use client specs, partner docs, standards, and software.
- Designs reviewed & approved before production.

4. Material Control – Purchasing

- All purchase orders checked & approved by Switchgear Manager.
- Ensures suppliers meet requirements.

5. Technical Data & Certificates

- Maintain records of technical data and certifications for traceability.

HAW AlSuhaimi DESIGN-BUILD-PROTECT

HAW ALSUHAIMI
شركة انشائه دبلو السحيمي المحدودة

Introduction

HAW ALSuhaimi is a joint venture between HAW Linings GmbH (Germany) and ALSuhaimi Group Holding (Saudi Arabia). Together, they bring more than 90 years of proven expertise in industrial rubber lining, corrosion protection, and engineering solutions to the GCC region.

The company offers **end-to-end services** including design, engineering, fabrication, installation, and maintenance of equipment and linings. With one of the world's largest integrated facilities for steel fabrication and anti-corrosive linings, HAW ALSuhaimi provides unmatched reliability and performance.

HAW ALSuhaimi focuses on **quality, innovation, and sustainability**, helping industries safeguard their assets against corrosion and wear. Its tailored solutions ensure maximum efficiency, longer equipment life, and reduced downtime for clients across chemical, petrochemical, mining, desalination, and other heavy industries.

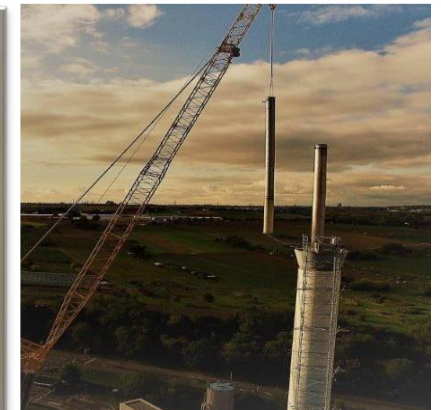

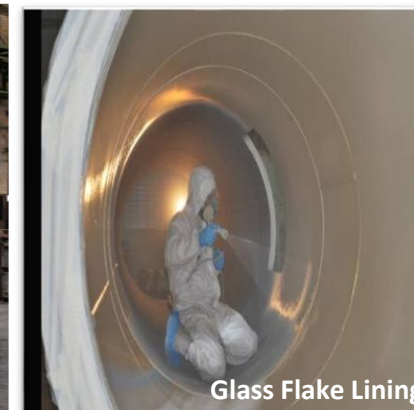

VISION: To be the **leading provider of anti-corrosion and engineering solutions** in the GCC and beyond, delivering **world-class technologies, sustainable practices, and customer-focused services** under the principle of *"Design. Build. Protect."*

Sectors Served

- Infrastructure and Utility Projects
- Water and Wastewater Authorities
- Oil & Gas Companies
- EPC Contractors
- Industrial and Manufacturing Plants

Area of concentration

- Engineering & Design
- Steel Equipment Manufacturing
- Engineered Plastics
- Anti-Corrosion & Anti-Abrasion Linings
- Engineered Rubber Products and Services
- On Site Mechanical and Electrical Installations

Future Goals & Strategy

Our strategy focuses on **sustainable diversification, operational growth, and innovation**. By leveraging advanced technologies and fostering strong partnerships, we aim to strengthen our position across multiple sectors while creating long-term value aligned with **Saudi Vision 2030**.
